

Astrology: Sign + House

MY PERSONAL CONFIGURATION OF SIGNS & HOUSES

In your life, each of the twelve zodiac signs is particularly expressed in one of twelve practical arenas of life, as symbolised by the twelve houses in your natal chart.

Your Ascendant, or Rising Sign, determines which zodiac sign is on the first house, and therefore the configuration of all the rest.

RISING SIGN	ARI	TAU	GEM	CAN	LEO	VIR	LIB	SCO	SAG	CAP	AQU	PIS
ARIES	1	2	3	4	5	6	7	8	9	10	11	12

For example, if I have a Sagittarius Ascendant and there's a New Moon in Capricorn – ie. we are starting a Capricorn lunar month – I can explore how this energy is being expressed particularly through the 2nd house concerns of personal resources, livelihood, self-worth and values (see following page for house descriptions). I could explore what it means to be in an “Embodiment my Values” kind of month.

Each set of lunar cycle pages has space to record this information (see example below). You may like to fill these in all in the one sitting, say, at the beginning of the year, and then, as each month rolls around, you can experiment and see if the zodiac sign and house concerns feel resonant or relevant (or not).

Monthly Focus

THE SIGN OF CAPRICORN FALLS ON MY 2nd HOUSE, SO THIS MONTH I AM INVITED TO
Embodiment my Values.

I EXPRESS THIS EARTHY NEED TO FEEL SUCCESSFUL PARTICULARLY THROUGH MY
income, possessions, assets, livelihood, natural talents, values and self-esteem.
